SDSC GRADUATES 41 LOCAL STUDENTS

San Diego State College graduated 41 local students at commencement ceremonies last Thursday afternoon.

The 2,097 graduates, 21 from Lemon Grove and 20 from Spring Valley, had the distinction of receiving degrees along with President John F. Kennedy, who was presented an honorary degree of doctor of laws by Dr. Glenn S. Dumke, chancellor of the California State Colleges.

After a 10-mile motorcade parade from Lindbergh Field along El Cajon blvd. to San Diego State's 65th commencement proceedings in Aztec Bowl, President Kennedy gave a rousing commencement speech on American education — its pros and cons.

He called for "a massive attack on illiteracy by an expansion of university extension courses" and a major effort to improve community, school and college library facilities.

Addressing a commencement audience of some 30,000, President Kennedy said San Diego State's graduating students are among "the fortunate ones" of the world's and this country's population because they have completed four years of college ". . . only two out of every 10 will graduate from college — unless we do something about it," he said, before launching into a speech advocating higher educational standards for the "elite" as well as the underprivileged.

President Kennedy reminded the graduates of their responsibilities — "particularly your responsibility toward education, toward those who should follow in your footsteps."

Grossmont High School District Awarded Funds

Grossmont Union High School District has been awarded a sum of $254,150.00 for school operating funds purusuant of Public Law 874, according to an announcement by Congressman James B. Utt, R-35th District.

Schools which are heavily burdened by the impact of Federal installations in their area are eligible for financial assistance under this Public Law.

The amount received for payment is determined from the tentative entitlement for the fiscal year computed on the basis of information and estimates contained in the application. The total entitlement for the School District for fiscal year 1963 has been set at $338,867.00 of which the above amount has been certified for immediate payment.

Additional payments will be subject to such adjustments as may be required by actual data and by the availability of funds in relation to total entitlements for financial assistance.

HID Bid for $1 Million APW Funds Looks Hopeful

WASHINGTON, D.C. (by telephone) — Congressman Lionel Van Deerlin predicted Tuesday afternoon that Helix Irrigation District's request for a federal grant of $1 million in matching Accelerated Public Works funds to be used for a district filteration plant would "get a favorable decision."

The request has become a "cliff-hanger" because the district's loan commitment from the Bank of America for the money at 1.9 per cent expires June 15.

Higher Rate

The loan rate presumably will be higher on a new commitment, possibly as high as 2.9 per cent, officials indicated. Helix has had it's request for funds in the hopper for several months, but little action had been obtained because of the size of the request. Smaller requests are favored in order to spread the grants more widely, Van Deerlin said.

Van Deerlin said his trip to San Diego last week with President Kennedy gave him the opportunity to push the request and that the impetus resulting from the visit appeared to make the request by Helix' deadline more probable.

Personal Calls

Sig Smith, Van Deerlin's administrative assistant, said that he and the Congressman had made many telephone and personal calls during the week to get the funds released. Personal calls were made on Herbert Fuhrman, deputy assistant commissioner of the Community Facilities Administration, and on William Batt, director of the Area Redevelopment Administration.

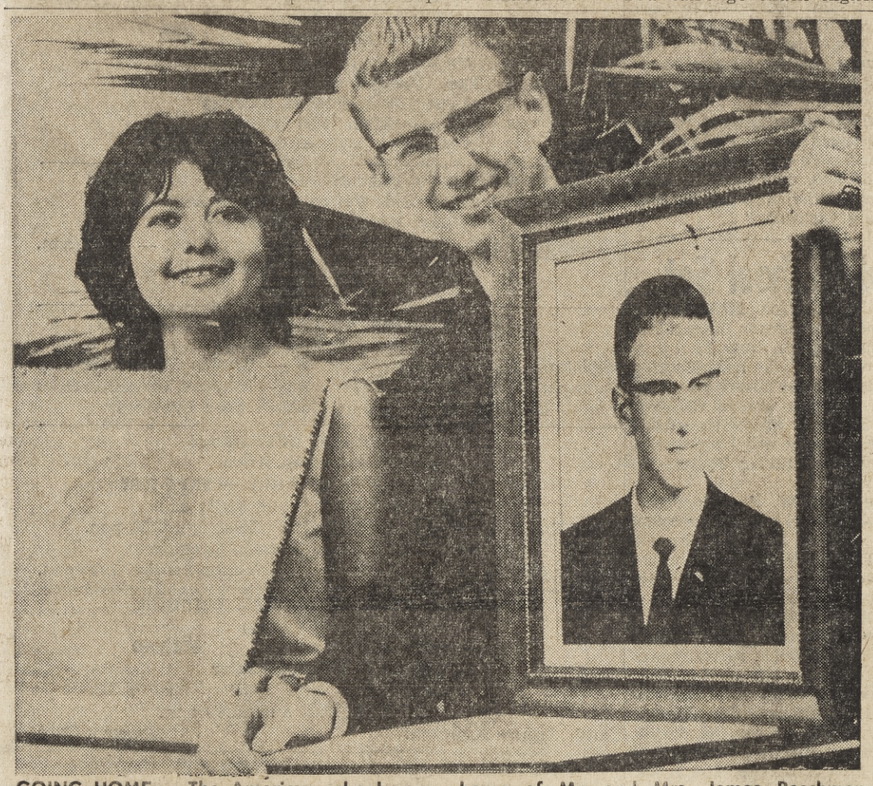
"You can't go much higher than we went," Smith said.

Both Batt and Fuhrman assured him that the funds would be made available by the deadline if possible, Van Deerlin said.

Size Barrier

The size of the request had proven to be "a barrier difficult to overcome," Van Deerlin said. "Every official we've talked to assured us that they would override the barrier," he added.

He said that he "views with guarded optimism" the approval of the Accelerated Public Funds grant by Helix' Saturday deadline, but, he added, "I don't know what form it will be in because most of the grants up to now have been in the $500,000 range.



GOING HOME — The American school year for Mount Miguel High's two American Field Service exchange students, Noemi Chang from Panama and Mikko Pyhala from Finland, is almost over. They will leave here June 24 and will tour the U.S. by bus before returning to their home countries. The AFS last Sunday sponsored a farewell party following baccalaureate services, at the home of Mr. and Mrs. James Poschman. Noemi and Mikko, left and right, are shown with the oil portraits they received from Florence Art Studio at the party. They also received scrapbooks containing pictures and information of their visit.

Tony Sonka Day Planned

The Lemon Grove Men's Club is going to celebrate "Tony Sonka" Day July 18 and a testimonial dinner to climax the celebration is planned.

John Dail, acting president of the club, made the announcement Friday and club members heartily endorsed the idea.

Sonka, a retired businessman, came to the community with his father 53 years ago. The family operated a market and the post office at Main and Pacific streets until 1940. After the passing of his father the family operated as the Sonka Brothers. Tony Sonka is a charter member of the L.G. Chamber of Commerce, the L.G. Lions club and was one of the original sponsors of the L. G. Men's Club.

The committee is under the chairmanship of Charles Buckles.

In other business at the club Friday, members voted to oppose Bills having to do with annexation and incorporation of non-city areas. AB 2018, according to Frank Armstrong, a Lemon Grove attorney who headed a round-table discussion on the matter, would allow two or more cities to set future growth area boundaries "although the boundary might cut a community like Lemon Grove in half." SB 861 permits a new agency to disapprove annexation or incorporation requests, and AB 1662 sets the agency up.

The club will hear a discussion on the burrough system of government at the meeting this week.

Art Dalquist, a realtor and treasurer of the City of La Mesa, will provide the program.

Meetings are held each Friday at noon at Michael's end men are invited to attend.

Teachers Get Pay Raises

Pay boosts averaging 4.2 per cent for Lemon Grove teachers and 2.1 per cent for classified employes were approved Monday night by Lemon Grove School District trustees.

Teachers salaries were increased to $5,000 minimum and $8,925 at the top, or 20th step. The raises were spread almost evenly with the annual increase being $475 at the bottom and $550 at the top. $42,700 was budgeted to meet the costs of the raises.

The cost of raises for classified employes is $9,700. Costs in both instances include reclassifications.

The board then adusted the preliminary budget to accommodate the increases and announced that final consideration of the preliminary budget would be June 24. It will then be sent to the county for approval.

Deputy Injured In Truck Wreck

A sheriff's deputy working out of the Lemon Grove substation was seriously injured early Monday when his car was involved in an accident at Conrad and Campo.

The sheriff's deputy, Robert A. Miller, 28, of 9312 Carita rd., Santee, suffered broken bones in his chest, jaw and leg.

The driver of the other car, Ray Allen Farr, 42, El Cajon, suffered a torn knee cap.

Deputy Miller, searching for a car load of youths tossing firecrackers, was traveling east on Campo. Farr, driving a pro-

Appearing at the first performance of the circus will be Miss Fairest of the Fair, her escort, Don Diego, and Marsha Manu, Miss Lemon Grove.

Sam Pernicano, L.G. chamber president, urges circus goers to buy tickets in advance to soften the economic problem the organization is suffering at present.

Grossmont Board Okays Auditorium

After presentation of preliminary plans for a fifteen hundred seat auditorium at Grossmont College, the Board of Trustees gave the go-ahead on the development of final plans at the regular meeting June 4.

Architect's estimated cost for the project, involving 16,000 square feet of instructional area and 14,000 square feet for the auditorium, was $944,000.

Deductive Alternates

The architect indicated that if sufficient funds were not available to finance the project, after the construction of the remainder of the college facilities had been established, deductive alternates could be developed so as to limit the construction to a shell which could then be completed later as funds became available.

Architect Richard George Wheeler indicated that a plan for continental seating which would give additional space between rows had to be shelved because of the fire marshal's requirement which would have necessitated exterior doors for each three rows of seating. This would have increased costs and would have interfered with the acoustical qualities of the auditorium.

It is anticipated now that the auditorium project can be left until within two or three months after the other six buildings which are scheduled for advertising for bids by August 1.

Nursing Program

Consideration of the need for a two year registered nurse program in the Grossmont area and for San Diego County was presented to the Grossmont College Board of Trustees June 4.

A film was shown of a typical junior college RN program, developed under the leadership of Mrs. Wilma Hiatt, Supervisor of RN Programs in the State Department of Education.

Louis Harper, executive secretary for the Hospital Council of San Diego County, indicated the great shortage in nurses available to the hospitals and rest homes and that the number of nurses being trained was far below the number needed.

Leverett Bristol, president of the Hospital Council and Administrator of Grossmont Hospital, assured the Board that Grossmont Hospital would cooperate in the provision of training facilities for the program.

Dr. Howard Ball, representing the San Diego County Medical Society, also pointed up the need for the two year RN program, indicating that while it was desirable that more four year nurses be trained, realistically the two year program was the only way to meet the critical shortage.

Dr. Ball also stated that the two year nursing program was producing well trained, practicing nurses whereas the four year program was designed primarily for nursing supervisors.

Al Flavin of the Edgmoor Geriatric Hospital in Santee also supported the need for the program and assured the Board of full cooperation of his institution.

Mrs. Virgie Babcock, president of the Nursing Home Society of San Diego County, indicated the problems of finding sufficient staff for the many large nursing homes which supplement the regular hospital services.

Double Cost

The Board was informed by John Hansen, Grossmont College President, that cost of the RN program was estimated to be almost double the average cost for junior college education.

Hansen pointed out that a survey was made in the Grossmont district which indicated that a sufficient number of high school seniors were interested in enrolling in the nursing program. Shortage of qualified directors and faculty was mentioned by Hansen as a problem faced by many junior colleges which had desired to begin programs in the RN field.

Mr. Harper pointed out that San Diego County was the third most populous area in the state, behind Los Angeles and San Francisco, and that it was the only area without a junior college two year RN program.

The DIMMER VIEW

by MAX GOODWIN

More 'Dictionary of American Slang'

The positive and dim view we took of pamphlets distributed recently by Christian Citizens for Moral Action, P.O. Box 176, Lemon Grove, brought record response.

The pamphlets, distributed on the Palm Avenue Junior High School school grounds during an evening meeting, contained many of the indecent definitions listed in the controversial reference book "Dictionary of American Slang."

By listing 27 definitions referring to sex, the pamphlet made it appear that the entire dictionary is devoted to sex and smut.

The many people who contacted us and complained bitterly that our children are being subjected to Communist attack through exposure to filth via the "Dictionary" in each and every case admitted that he had not seen the book — only the pamphlet.

We looked at "Dictionary of American Slang" at Grossmont Junior College library. The book is 6½" x 9" in size and contains 670 pages. Each page has approximately 20 definitions on it, about 13,400 definitions in all. The "book" is not all filth as the pamphlet alleges. We found the definitions the pamphlet listed, but the proportion is not nearly so great as the pamphlet presentation suggested.

We urge librarians not to permit the reference book to fall into the hands of adolescents but we also urge those revolted by it not to look to censorship as an answer.

You simply cannot censor one book and let it go at that. All books of the quality would go with it. Since censorship consideration would come from the reaction to a pamphlet which reproduced selected material from the book, it might be reasonable to see what authorities on books have to say about the "Dictionary." These opinions are taken from The Book Review Digest, authoritative guide used by libraries.

"Much of the language (of 'Dictionary') is rough, dirty, violent, taunting, often expressing, in the scholar's terms, a rejection of someone or something. Yet these words are heard in daily life. A volume of long potential usefulness for libraries.

Student Extends Farewell Message

By Ray Whitmus

EDITOR'S NOTE: Ray Whitmus was Mount Miguel High School's 1962-63 exchange student to Buenos Aires.

Approximately eighteen years ago an institution began which had as its theme "international understanding and friendship." Seemingly, in our world of international turmoil, such an objective is a little too idealistic. However, the precursors of American Field Service realized that for any organization to be successful it must maintain and have faith in these high goals. Therefore, they developed a plan whereby international friendship and understanding became more than a mere theme. It became an attainable aim.

AFS Beginning

The question then arose as to how this aim could be reached. It was decided that education and social contact were the basic factors in establishing understanding and friendship, so an exchange program was finally developed whereby this could be accomplished.

Thus, American Field Service originated as an exchange program for the students of today

General Dynamics Awarded Contract

SAN DIEGO, June 10 — The U.S. Navy Bureau of Ships in Washington, D.C. has awarded General Dynamics/Convair here a $90,000 contract to continue development of a fail-safe stabilizing mechanism for hydrofoil craft.

Convair study and design is directed specifically toward developing the mechanism for the Bureau of Ships' FRESH-1 experimental hydrofoil test vehicle.

The award, for the second phase of a Convair development program first funded by the Navy in 1961, calls for advanced study and preliminary design with the final report due in February, 1964. The first phase was a feasibility study.

Craft using fully-submerged hydrofoils tend to be unstable in pitch and roll. On FRESH-1 this condition is corrected by an autopilot. The all-mechanical Convair device is being designed as a fail-safe backup for the outopilot, but it may also prove effective as the sole means of control for other hydrofoil craft.

Real Estate Sales Spark Economy

Record sales in real estate activity sparked Southern California's economy to an all-time high during the month of May, Harold E. Holsonback, Manager of Security First National Bank's College Grove Branch, reported Monday.

"The record level in the overall business scene is a continuation of the moderate upward trend which has been evident in all but one (March) of the last six months," Holsonback said.

Based on figures for the week ending May 24, Security Bank's business index was reported at 132.1 (preliminary), approximately 2.6 percent above the previous high of 129.5 set last February. In May, 1962, the index figure was 124.4, Holsonback said.

Bank clearings, another widely recognized measure of local business activity, highlighted the advance in May with a record showing.

Department store sales also registered a favorable rally in the overall Southland gain.

The building and construction industry remains a strong sustaining force in the Southern California economy, even though in May activity was slightly below the April record, the bank officer said.

Preliminary estimates indicate a level of 18.8 percent above the comparable April-May period of a year ago, Holsonback continued. Total employment rose for the third consecutive month. At the same time the rate of unemployment rose slightly to 5.8 percent, seasonally adjusted.

— Christian Science Monitor, Nov., 1960

"It's a proving ground for words and a mirror of the American mind, which no student of that mind will want to neglect."
N.Y. Times, July, 1960

"The impression this compilation makes is of having been much too hastily put together and kept down in price, and hence in size, in the hope of a popular market. It does, however, have the merit of being more up to date than its predecessors . . .
New Yorker Magazine, Feb., 1961

"For lovers of words, slingers of words, users and readers and — above all — hearers of words, the year's big book news is the 'Dictionary of American Slang."
— Saturday Review of Literature, March, 1961

". . . but if some readers will regret that the book is selective rather than complete . . . they will probably agree that the selections in most cases are shrewd and useful."
Time Magazine, July, 1960

"Most of us, it is hoped, will not have to use or hear a great deal of the vocabulary assembled for our enlightenment here. But it is hard to think of an emergency in which this book would not be a help and a comfort."

so that they might become the more understanding leaders of tomorrow.

Foreign Representatives

Mount Miguel high school has been fortunate in the past few years in that it has had American Field Service representatives from many diverse and interesting countries.

Yet, never has Mount Miguel been so honored as to have as official members of her student body two so highly qualified and excellent members of the American Field Service family as are Noemi Chang from Panama and Mikko Pyhala from Finland.

Besides participating in many of Miguel's extra-curricular activities, they have projected a feeling of warmth and friendliness which the studtnts will always remember. All of us who have known Mikko and Noemi could hardly be prejudiced against, or misunderstand, a Finn or Panamanian.

Tolerance

We of Mount Miguel realize that an exchange student's job is difficult, yet our foreign students have tolerated our silly remarks and naive questions; they have even kept their sense of humor when we were not tolerant because of something that did not seem to conform to our ways.

Americans many times forget that foreign people come from a different background and that they can't be exptcted to forget immediately 18 or 19 years of training as soon as they touch our golden shores.

Yes, we of Mount Miguel high school have come to love Mikko and Noemi. You have met and surpassed the hopes of an idealistic organization; you have gifted Miguel with a year of your lives as her exchange students for 1962-63. We are really sorry that we must give you back.

YOUNGSTERS MAY CAUSE FIRES

Children with matches were the possible cause of two grass fires last week. A fire raged Saturday at 511 Broadview in Spring Valley. A similar fire occurred Saturday on a vacant lot on the corner of Sweetwater ln. and Harness rd., S.V. No damage was reported in either fire.

Second Installment Due on Tax Returns

Local taxpayers who filed estimated tax returns in April are required to pay their second installment by June 17, according to R. A. Riddell, Internal Revenue Service director in Los Angeles.

Taxpayers who meet requirements in this quarter are required to file a declaration of estimated income tax for 1963 on Form 1040-ES and pay at least one-third of the tax estimated to be due.

If the income expected to be earned during 1963 has changed, taxpayers may be required to file an amended declaration of estimated tax. A blank form for use as an amended return is printed on the back of the bill which taxpayers receive for an installment of Estimated Tax, Mr. Riddell pointed out.

GRADUATING TONIGHT ARE Joyce Lusk and Karen Dahl, left and right, valedictorian and salutatorian of Mount Miguel high school, who are shown heading for graduation rehearsal after their last day of classes.

The school will award diplomas to 385 graduating seniors at commencement ceremonies tonight beginning at 8 p.m. in the football stadium.

Lewis F. Smith, superintendent of the Grossmont district, will bring a greeting to the students.

The Mount Miguel Concert Band will play the traditional "Pomp and Circumstance" by Elgar as seniors march to their places through an honor aisle composed of the top-ranking junior boys and girls.

Mrs. Ellen Hall, senior advisor, will confer honors awards following the salutatorian's and valedictorian's address.

James Bowersox will present the class gift to Mr. Virgil Duea, vice principal, who will accept it for the school.

Presentation of the class by Mrs. Venalee Field, senior class counselor, will precede the awarding of diplomas by Palmer Sualstad, district board member, and Lewis F. Smith, district superintendent.

Michael Cosby, ASB president, will lead the Pledge of Allegiance; Frank Whigham, class president, the tassel ceremony.

L.G. Junior High Schools Say 'Aloha' To 436 Grads

A total of four hundred and thirty-six eighth graders participate in traditional graduation ceremonies at Lemon Grove's High and Lemon Grove Junior High, respectively.

Top scholarship and citizenship awards highlight the graduations at the two schools. Kept secret until time of presentation, the names of the winners will be announced in the newspaper next week.

The programs begin at 5:45 two junior high schools today.

A. J. Long, board member, and S. K. Solleder, assistant superintendent, are scheduled to make the award presentations at Palm. Board member Ray Lange and Superintendent Byron Netzley will announce the winners at Lemon Grove.

A special music award in the form of a small scholarship will be presented at Lemon Grove by Mrs. Wayne Chubb, president of the Lemon Grove Women's Club.

According to Harold Brogan, principal, Valerie Cremer delivers the valedictorian address at Palm. Class salutatorians are Betty Craig and Noreen Archibald. Robert Sutton said that graduation speakers at Lemon Grove Junior High are Sandra Forror, Joyce Jackson, and Patricia Prince, with Kathryn Powell as program announcer. James Lukowski is student announcer at Palm.

Principals of the two schools will present the graduates. Warren Buckner, board member, will accept the class at Lemon Grove; board member. Bert R. Cosby accepts at Palm. Robert Sjogren and Cosby present diplomas at Palm, while Netzley and Lange present them at Lemon Grove.

Lemon Grove Junior High's graduation class has "Responsibilities at Home and Abroad" as its theme, while Palm chose "Success." The Reverend R. G. Davis offers the invocation at the former school; the Reverend J. E. Detzer gives the invocation at Palm. Music will be furnished by the school orchestra, the chorus, and the Palm glee club.

Firemen Here Get Pay Hike

A 10 per cent raise for all Lemon Grove firemen was approved Monday night by the board of commissioners with Commissioner Skip Heidick not voting.

A delegation of a half dozen people appeared at the meeting demanding a 15 per cent increase but Commissioners R. Vaught and Tom Parson remained firm.

The Commission also approved the budget of $261,934 which included the raises amounting to $42 a month increase for beginners, to $73 a month increase at top bracket. Wage scale now spreads from $462 to $808 a month.

Commissioner Vaught said the increases put the level above most districts but is less than rates in incorporated areas.

Plans were approved for the second stage of the districts master plan of improvement. Tower and locker room facilities will be built at the station on Central ave. Bids will be opened July 3. $30,000 is being set aside to meet the cost of the project.

Two S.V. Youths Get Indian Call

Duane Linsenbart, 10034 Del Rio rd., and Dan Dyer, 4074 Nabal dr., both of Spring Valley, will be initiated into the Boy Scouts secret order of the Arrow this week-end.

Initiation is called the ordeal in the Indian group. Indians rarely spoke, so "new braves" are not allowed to speak, nor are they allowed to eat or sleep. A demerit is given every time a brave speaks, and three demerits means he must wait a year for initiation.

Scouts who belong to the Order are elected to represent their troop.

Registered voters in Lemon Grove and Spring Valley area will shortly receive a mailing from their Congressman, Lionel Van Deerlin.

It will contain a printed questionnaire on which the Congressman asks individual opinions on a number of pending legislative matters, ranging from civil rights to attitudes on foreign aid.

"This mailing will go to all voters, regardless of party," said Van Deerlin, a Democrat. "Its purpose is to help establish a closer link with tht people who elected me to represent them.

"Obviously, if the returns are to be meaningful, I must have a sizeable response. I hope the people will take seriously this effort to ascertain their views. It should require only five minutes to fill in the blanks and mail them back to me."

Bid Action Okayed; Book Policy Made

The go-ahead on advertising for bids for purchase of two additional school buses, instructional equipment, and furniture was given by the Grossmont Union High School District Board of Trustees Monday evening.

Action came after a report showing that the additional enrollment would heavily overload existing equipment, requiring additional buses.

Investigation had indicated that a lease plan would be more expensive to the District. Actual purchase of some of the items of furniture and instructional supplies will be delayed until the extent of State financial support has been determined.

The Board voted commendation for the program of vocational nursing directed by Mrs. Ellen Abbott, after submission of a report, because of standards and the organization which she has developed to insure a high quality of training.

The Board also commended the State Board of Education on a recent policy on selection and retention of books in the schools. The State resolution is as follows:

"**Be it resolved** that books in our public schools should continue to be chosen by local district librarians, teachers, and school officials for the purpose of satisfying the educational needs of the serious student and the inquiring mind; and

"**Be it further resolved** that any pressure to restrict the choice of local schools, or to remove books from local school whether the pressure comes from local groups espousing a particular point of view or from state officials."

The Board was informed that Copley Press had extended an official invitation to Grossmont High School to be the host school for Project Amigo next year.

New Ace Added to Top Bidders List

Add Jim Stewart's name to the growing list of favorites for next Friday's claiming stock car main event at Cajon Speedway in El Cajon.

Stewart, from El Cajon, started in the front row and led all the way to win last Saturday's 25-lap main event in the fast time of 8:51. He held off a strong bid by current point leader Dick Guest of Lakeside who moved up from the sixth row to challenge.

Lost Wheel

Guest settled for second place points, and Russ Bullen of San Diego finished third. Warren Toles, another San Diegan who had won two straight claiming car main events, was forced out of the feature race when his car lost a wheel at the midway point.

A bar radiator hose was the downfall of last year's point champion Dick Mummert who retired after completing 19 laps.

Guest, Toles, Mummert, Mike Emery, Bob Chambers and Bill Shannon have been consistent point getters in the El Cajon Racing Association's claiming car division. Guest and Mummert also vie in the ERA's super stock division which will provide the race action at the Speedway on Saturday night. Racing both evenings gets underway at 8 p.m.

Main Event

Saturday's super stock main event once again lines up as a battle between Guest, Vance Butler of El Cajon and Herb Owens of Brawley. Guest leads the super stock point standings with a 124 total, Butler has earned 91 points and Owens 73.

Guest is in front in the claiming car division with 141 points, followed by Toles, 122, Emery 116, and Chambers, 103.

A powder puff derby also is carded Saturday night with Diane Porter, Rosie Surdez and Elaine Culver tabbed as favorites in the distaff event.

Motorcyclists

Veteran motorcycle ace Jack Simmons of Artesia has taken over the point lead in the open professional Class C standings at Cajon Speedway, according to figures released this week by the Speedway's official scorer.

However Simmons, who won last weekend's feature main event, just barely passed up second place Eddie Mulder of Burbank who trails by a scant six points. Simmons has scored 730 points, Mulder 724, and Ralph Cates of San Diego is a distant third with 381.

No Change

Last weekend's races failed to alter the lightweight standings where Johnny Apple of Imperial Beach is in control with a 736 total, followed by Cecil Hollenbeck, 602, Bruce Sanford, 538, the fast rising Cal Rayborn who has 491.

Rayborn, a slow starter, last Friday won his third straight lightweight professional main event after collecting wins in his heat in the trophy dash.

The cycles are idle next weekend and will return to action here on June 21.

BASIC TRAINING—Earl Lester Dickey, son of Mr. and Mrs. Alexis E. Dickey, 3565 Harris st., L.G., is now undergoing basic training in the Army at Fort Ord, California. Dickey is a 1959 graduate of Helix High School, and entered the Army in April.

SV Man Helps Map Earth's Surface

TURNER AFB, Ga. — Airman Second Class Floyd V. Scharer of Spring Valley is helping provide important support for this nation's manned space program as a member of the Military Air Transport Service's Air Photographic and Charting Service here.

Airman Scharer, a data computer, is part of an 1,800-man corps of technicians who are bringing existing maps and charts of the earth's surface up-to-date.

The airman, son of Mr. and Mrs. H. W. Scharer of 3585 Kenora dr., S.V., attended San Diego State College.

His wife, Selmi, is the daughter of Mr. and Mrs. Anis Khouri of Port-of-Spain, Trinidad.

The efforts of the airman's unit have made possible the accuracy our recovery forces and astronauts have enjoyed in pinpointing the area of impact upon completion of orbital flights.

Naval Air Cadet To Fly 'Tracker'

CORPUS CHRISTI, Tex. (FHTNC) — Naval Aviation Cadet Robert T. Pearse, son of Mr. and Mrs. Robert J. Pearce of 8151 Alton dr., Lemon Grove, is serving with Training Squadron 28, at the Naval Air Station, Corpus Christi, Tex.

He reported here from Pensacola, Fla., where he mastered the fundamentals of flight in a single-engine training aircraft, and is now an advanced flight student.

For the next four months, Pearse will fly his first fleet-type aircraft, the twin-engine, carrier based, anti-submarine S-2A "Tracker," and will have his first command of a multi-engine aircraft.

He will also earn his first instrument rating, a certificate that represents the ability to fly in all weather conditions with safety and effectiveness, and according to assignment will become qualified in landing the "Tracker" aboard one of the Navy's aircraft carriers.

While serving with Training Squadron 28, one of the largest squadrons in the Naval Air Advanced Training Command, over 400 multi-engine instrument pilots are trained yearly for patrol, logistics, and airborne early warning squadrons in the Pacific and Atlantic Fleets.

Before entering the Navy in February, 1962, Pearse attended California Western University, San Diego.

Marine Undergoing Lock-on Training

CAMP PENDLETON (FHTNC) — Marine Private First Class Lloyd D. Randolph is undergoing lock-on training with the First Battalion of the Seventh Marine Regiment at Camp Pendleton, Calif.

Randolph is the son of Mr. and Mrs. Lee Randolph, 4120 North Cordoba, Spring Valley.

Lock-on is the name given to six weeks of intensive training that progresses from basic tactics of the fire team and squad to complex maneuvers of the company and battalion.

The training is conducted periodically to maintain the battalion's combat-ready status. New personnel in the battalion receive indoctrination in scouting and patrolling, counter-guerrilla warfare, and helicopter assault techniques. The Marines also familiarize themselves with flame throwers, mortars, and 3.5-inch rockets.

The training increases the battalion's preparedness which is vital to the Marine Corps in fulfilling its role as the nation's force-in-readiness.

Modern canning techniques are far removed from the way Grandma put up preserves, reports Votator, whose rotary-piston fillers can fill from a few dozen to 1,200 glass, metal or plastic containers (3- to 48-fluid-ounce) per minute with food, petroleum or chemical products.

Recreation Areas, Youth Programs to Open for Summer

Playgrounds, parks, beaches, camps and recreation facilities of the San Diego Park and Recreation Department open June 17 on a full-time basis as Lemon Grove-Spring Valley boys and girls begin summer vacation.

The Department's summer program of city-wide cultural and athletic events and classes by Balboa Park institutions also will serve the leisure needs of the school population.

Recreation Areas

A total of 19 community center areas and 81 school area playgrounds will provide supervised recreation during the June 17-Sept. 16 vacation period, according to Jack Krasovich, General Playground Supervisor.

Community centers usually operate from 9 a.m. to 10 p.m., while school areas are open from 9:30 a.m. to 5:30 p.m. Activities will include arts and crafts, sports, games, dramatics, movies, dancing and story hour.

Balboa Park summer programs for youngsters include Junior Civic Ballet, Youth Symphony and Junior Youth Symphony, Junior Theatre and Junior Tumbling.

Mission Bay Park will offer a Small Boat Instruction Program, swimming lessons at Santa Clara Cove, and areas for fishing, boating, water skiing and swimming.

Swimming

Swimming lessons and recreational swimming will be available at Mission Beach Plunge and Bud Kearns Pool. Other programs at Mission Beach Plunge will include Junior Frogman skin diving instruction, competitive swimming, synchronized swimming and surfing classes outside at the Lifeguard Headquarters.

Day Camp at Torrey Pines will be held in 10 five-day encampments with buses leaving from different areas of the city. The City-County Camp Commission's program at Cuyamaca State Park will offer seven five-day sessions.

Golf lessons for boys and girls under 18 will be offered at both Torrey Pines and Baboa Golf Courses starting July 18. There will also be a roving program of free tennis clinics on weekday mornings and aternoons by La Jolla High Tennis Coach, Bill Reeves.

City-wide events for boys and girls are summer high school basketball, American Legion baseball, Elks' Club softball, the La Jolla, San Diego Metropolitan, Albert Hernandez and San Diego County Junior Tennis Tournaments, City and County Junior Golf Tournaments, the Fiesta Del Pacifico Swimming Meet and the La Jolla Rough Water Swim, Olympic Development track meets, girls' play days and table tennis tournament.

San Diego Zoo will offer its regular summer school plus a school for youngsters going into the second grade and a handicapped summer school. Natural History Museum's classes will be broken into seven divisions by grade with subjects ranging from oceanography to geology and the study of insects, fish and snakes.

Fine Arts Gallery classes will be held in "Painting, Construction and Collage" and in "Introduction to Clay Modeling and Three-Dimensional Design."

Registration is already in progress for the Balboa Park Institution programs, swimming lessons and other aquatic classes, Day Camp and Youth Symphony.

Junior Theatre Workshop registration will be from June 17-21, while Junior Civic Ballet will take applicants June 9-14. No advance registration is necessary for tennis lessons.

District Grads Want Home Jobs

Graduating seniors from the seven high schools of the Grossmont District will make up most of the total of young new workers seeking permanent employment here this month.

These "terminal students" have had vocational counseling and tests which measure their aptitudes and abilities. Many graduates have been employed part-time while in high school and have recommendations from former employers for reliability and industriousness.

Some have already gained experience in service stations, offices, plants, or in retail sales.

They are ready and anxious to go to work her at home rather than leave the area.

It makes good business sense for local employers to call the Grossmonth Youth Placement Office, 465-3131. This office is open all summer, Monday through Friday, from 8 to 4:30.

Trained personnel will find, among graduate applicants, the right person to fill the specifications of the job. This is possible because of the variety of available information schools have about former students. Grades, citizenship records, counselor and teacher recommendations, and special skills of each applicant are entered on his work application card.

Many graduates have had business courses such a typing, shorthand, and bookkeeping. Typing is always tested before the applicant is sent to interview for a clerical job. Graduates may also have had courses in drafting, electricity, printing, wood-working, metal-shop, or auto-shop.

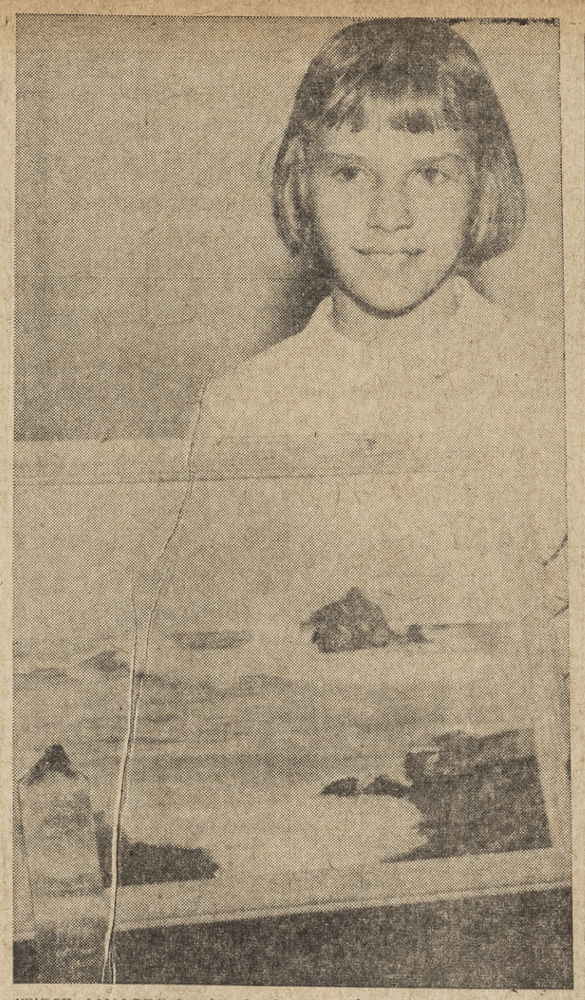
Youth Will Give Sunday Services

"When Life Says You Can't" will be the theme of the sermon at special Father's Day services at Lemon Grove Methodist Church this Sunday.

Services begin at 9 and 10:30 a.m. A father and son banquet is scheduled Saturday at 6:30 p.m. in the church sanctuary.

The youth of Lemon Grove Methodist Church will conduct their own services every Sunday, 8-8:30 p.m., in the sanctuary.

The services will include hymn singing and a 10-minute sermonette.



"FIRST AWARD" in the Junior Art Show at the East County Fair was presented to Donna Zimmerman, Bancroft student, last week. Donna, who is a student in Mrs. Irene Steer's sixth grade class, also received additional recognition as "Best of Show" in the 7 to 17 age group. Here Donna holds her prize-winning seascape. The oil painting, which is realistic and is predominately green, blue, and yellow, tends to give the viewer a feeling of a fresh, cool ocean breeze. Donna has had art instruction for the past two years from Mrs. Helen Goodall, a Spring Valley resident and artist.

Local Campers Readying For Y Day Camp

Horseback riding has added a new interest to the program of Day Camp run by the Heartland Y.M.C.A., according to Russ Bope, executive of the branch.

Already, registrations exceed last summer's enrollment. Other activities include swimming, archery, crafts, games, nature exploration and other activities as planned by the boys and girls with their leaders.

Campers already registered from the Lemon Grove - Spring Valley area include these: Edward Fay, Junior, Virginia Fay, Gary Meads, Tom Meads, Randy Reavis, Laurie Davis, Jon Edwards, John Engelstad, Douglas Hall, Daniel Jones, Kent Hudson, Joseph Irwin, Mark Larkin, Stephen Lukow, Denise Bellante, Lonnie Bellante, Jerry Johnson, Larry Johnson, Richard Lenning, Chuck Mitchell, Kathy O'Brien, Gail Van Vleck, Robert Wade, Craig Wagner, Kimberly Wineteer, Ricky Anderson, Susan Corkum, Paul Dewey, Janice Dempsey, Wayne Grout, Kevin Hattox, Chuck McPherson, Keith Ungricht, Kathy Walsh, Timothy Hughes, Tod Hughes and Terry Slay.

Campers are picked up in their neighborhood and transported to Flinn Springs, a County park, where most of the activities are held. Camp leaders are college students with special training for camping. Each leader works with a group of ten campers. Both boys and girls of first grade through the sixth grade are eligible to attend.

The camp will have four two week sessions starting July 1st. Mr. Bope stated that there were still openings in most of the sessions and for further information call the Heartland Y.M.C.A., 466-4161.

Awards Dispersed to Junior High Students

Student awards topped other Lemon Grove Junior High activities last week when a special assembly program recognized outstanding seventh and eighth graders at that school.

Robert Sutton, who acted as master of ceremonies at the annual awards meeting, presented various staff members who in turn called upon outstanding students in many fields to receive their awards on stage.

Athletic Awards

Winner of the coveted physical education award in the eighth grade was Tom Evans. His name will be engraved on the Ronald Duncan perpetual trophy established by the stu-student here who lost his life in a traffic accident a few years ago.

Designated as outstanding girl athlete in the graduating class was Sandra Stokes.

Thomas Higdon, sixth grader, won the special junior music department award. Eighth grade winner will be announced dent body in memory of the at graduation ceremonies.

Others honored for work and service during the school term included James Self and Michael Wynn, flag monitors; Mike Mallow and Sandra Stokes, fire marshals; and Joyce Peck, Masonic Lodge Public Schools Week essay contest winner.

Scores of students received recognition for fine achievement in physical education, library, newspaper, year book, student council, and projectionists work. Most received pins bearing the school's letters, LGJH, and the year, '63.

Scholarships

Top scholarship awards went to Kathy Powell, Karen Gates, James Christensen, and Daniel Gord in the eighth grade, and to Jerry VanVleck in the seventh grade.

Citizenship

Highest citizenship honors were awarded Sandra Hartley, Linda Provenzale, Denver Elkins, Lynn Guttzeit, Daniel Gord, Robert Higdon, and Karen Gates, all of the graduating class. In the seventh grade, top citizens were Sandra Svalstad, Linda Buckner, Michael Wynn, Theresa Stegmeir, and Jerry VanVleck.

Library Busting Compared to Its Book Beginning

For a school that opened with only a handful of books, Mount Miguel's library has more than many modern county libraries today.

Starting out with only 300 books in 1957, the library staff now expects 12,000 books by next fall.

Mrs. Jeannete Rambatt, school librarian, emphasized that, "We receive more than 1,000 textbooks and about 100 library books each week. Books are not the only items the Mount Miguel library processes in the course of a week. Boxes of record catalogues, book reviews, tapes, and records supplement this well-equipped library."

According to Mrs. Rambatt, new books are ordered for four main reasons: replacement needs, teachers' needs, curriculum requirements, and school booklists.

New Man To Head S.D. Symphony

SAN DIEGO — A former producer of NBC's famed Standard Symphony Hour has been named new general manager of the San Diego Symphony.

Ralph O'Connor, 43, will come from Los Angeles to assume the post June 1, according to an announcement made by J. Dallas Clark, Symphony Association President.

O'Connor was Creative Coordinator and Producer of the Standard Hour and the Standard school broadcasts from 1951 to 1957. In this role, he actually assembled and managed the Standard Symphony Orchestra, and also coordinated appearances by major West Coast symphony orchestras.

Student Wins Poetry Prize

DAVIS — Lorranine Recchia, a Rosary High School student, won third prize in poetry in a state-wide literary contest this month at the University of California at Davis.

Lorraine's home is at 1855 Skyline dr., Lemon Grove.

The contest, sponsored by the departments of English and dramatic art and speech, included competition in drama, essays, poetry and fiction. It is part of a two week Festival of Arts which ended on the campus.

Vacancies Open in Army for Musicians

Young men with musical talent may now apply for vacancies in Army bands, according to M. Sgt. Edward R. Edwards, Army recruiter at 8101 La Mesa blvd.

Band vacancies are now occurring at a more rapid rate due to retirement of personnel or termination of tours of duty.

While the Army provides training for individuals assigned to band duty, it requires that they have a minimum of two years prior experience in playing one of the brass, woodwind, or percussion instruments.

Brass instruments include cornet or trumpet, a baritone or euphonium, a French horn, a trombone or tuba; for woodwind, the flute, piccolo, oboe, a clarinet, a bassoon or a saxophone, and for percussion the snare drum, or piano.

Requirements also include the playing of these instruments in a marching, concert or dance band and doubling in related instruments.

Monarch Marching Leaders Selected

Shirely Sturm and Marilyn Campbell will lead the Monte Vista Monarch Marching Band next season for the second year in a row. Miss Sturm will be majorette, and Miss Campbell, twirler.

The girls were chosen May 3 by a judging committee which included Mr. Curtis, band director; Mrs. Finney, Specialty Corps director; and Mr. Peace, counselor.

Miss Sturm proved her ability by taking fourth out of 71 drum majors at the Long Beach Band Review last November.

New Banderettes for the 1963-64 season are Regina Bryan, Janice Hnatek, Ruth Logsden, Annette Lux, Marilyn Provancha, Debby Thatcher, and Cora Wilson. Returning Banderettes are Beverly Auten, Tanya Burak, Bobbie Mueller, Kathy Reid, Karen Tindall, and Elaine Wallace. Elaine will lead the group again this year.

All of the said work hereinbefore generally described shall be constructed in the manner, to the grades, at the locations, within the limits, of the materials, and of the dimensions as shown upon and in accordance with the plans, profiles, drawings, typical crosssections and specifications therefor, contained in Document No. 329874, on file in the office of the Clerk of said Board of Supervisors and copies of which are on file in the office of said Engineer, and by this reference thereto, all said plans, profiles, drawings, typical cross-sections and specifications are made a part hereof.

The said Board of Supervisors hereby determines and declares that serial bonds shall be issued to represent each assessment of Fifty Dollars ($50) or more remaining unpaid after the full expiration of thirty (30) days from the date of recordation of the warrant, to represent the expenses of said work and improvement. Said serial bonds shall extend over a period ending nine (9) years from the second day of January next succeeding the next September first following their date, and an even annual proportion of the principal sum thereof shall be payable, by coupon, on the second day of January every year following the next September first after their date until the whole is paid. Said bonds shall bear interest at the rate of six percent (6%) per annum, interest payable semi-annually, by coupon, on all sums unpaid until the whole of said principal and interest is paid; and said bonds shall provide that if said bonds are redeemed before maturity and before commencement of proceedings for sale, in addition to all other sums unpaid and accrued, a premium of five percent (5%) of the unpaid principal shall be paid. Said bonds shall be issued and the principal, interest and premium shall be paid under and in pursuance of the Improvement Act of 1911 and amendments thereto.

The contemplated work and improvement hereinbefore mentioned is, in the opinion of said Board of Supervisors, of more than local and ordinary benefit to the public and the expenses of such work and improvement are made chargeable upon the district hereinafter described, and said Board of Supervisors does hereby declare said district to be the district benefited by said work and improvement, and to be assessed to pay the costs and expenses thereof. Said district is described as follows, to wit: all that real property in the County of San Diego included within the exterior boundary lines of said district as shown upon that certain map bearing number 2463 indicating the exterior boundary lines of such district, which map, approved by said Board of Supervisors, is on file in the office of the Clerk of said Board of Supervisors of the County of San Diego as Document No. 329875, excepting therefrom all public streets, roads, alleys, avenues and highways. Reference is hereby made to the map for a full and complete description of the assessment district and the map shall govern for all details as to the extent of the assessment district.

The said Board of Supervisors has heretofore directed the Superintendent of Streets in accordance with Section 5254.5 of the Streets and Highways Code to include in the contract a provision for liquidated damages in case the work called for under the contract is not completed within the time limit as prescribed by the specifications and contract (or such extension of time as may be granted by said Board), and has fixed the sum of $50.00 per day for each and every calendar day's delay in completing the work in excess of the number of calendar days prescribed.

It is the opinion of said Board of Supervisors that the public interest will not be served by allowing the property owners to take the contract for the work to be done under these proceedings.

NOTICE IS HEREBY GIVEN that on Tuesday, the 18th day of June, 1963, at 11:00 o'clock a.m., in the chamber of the Board of Supervisors of the County of San Diego, Room 310, City and County Administration Building, 1600 Pacific Highway, San Diego, California, any and all persons having any objections to the proposed work or improvement, to the grade at which said work is to be done, or to the extent of the district to be assessed to pay the costs and expenses of said proposed work or improvement, may appear before said Board of Supervisors and show cause why said proposed improvement should not be carried out in accordance with this Resolution.

Such protest, if any, must be in writing and must contain a description of the property in which each signer thereof is interested, sufficient to identify the same, and shall be delivered to and filed with the Clerk of the Board of Supervisors of the County of San Diego, in Room 306 of said City and County Administration Building, not later than the hour hereinabove set for hearing. No other protests or objections will be considered.

The Clerk of this Board of Supervisors is hereby directed to cause this Resolution of Intention to be published twice in the Lemon Grove Review, the newspaper hereby designated for that purpose by this Board.

The Clerk of this Board of Supervisors is hereby directed to mail notice of the adoption of this Resolution of Intention, postage prepaid, to all persons owning real property proposed to be assessed, whose names and addresses appear on the last equalized County Assessment Roll, or as known to said Clerk, all in the time, form and manner required by law; if property assessed by the State under Section 14 of Article XIII of the Constitution is proposed to be assessed, such notice shall be mailed to every owner of such property at the address thereof shown on the last board roll transmitted to the County Auditor as required by Section 5070, Streets and Highways Code.

The Clerk of this Board of Supervisors shall, upon completion of the mailing of said notices, file with this Board an affidavit setting forth time and manner of the compliance with the above requirements for mailing such notices.

The Superintendent of Streets shall, after the adoption of this Resolution of Intention, cause to be conspicuously posted along the line of said contemplated work or improvement, at not more than three hundred feet (300') in distance apart, but not less than three in all, notices of the passage of this Resolution of Intention, and when the work to be done is only upon an entire crossing or intersection, or any part thereof, he shall cause such notices to be conspicuously posted in front of each quarter block or irregular block liable to be assessed and when the work is chargeable upon a district, he shall cause such notices to be conspicuously posted upon all open streets within such district at not more than three hundred feet (300') in distance apart on each street so posted; all in the time, form and manner required by law; and thereupon said Superintendent of Streets shall cause to be filed in the office of the Clerk of this Board of Supervisors an affidavit showing the posting of said notices of improvement.

All of the herein proposed work shall be done in pursuance of an Act of the Legislature of the State of California, designated as the "Improvement Act of 1911" and amendments thereto.

PASSED AND ADOPTED by not less than a four-fifths vote of all members of the Board of Supervisors of the County of San Diego, State of California, this 21st day of May, 1963, by the following vote:

FARMING PAYS OFF — Four youngsters of Spring Valley 4-H and FFA clubs reap the reward that comes with excellence in livestock raising as they accept checks representing payments for their animals. Their animals were sold at the Eastern S.D. County Fair and Jack Koop, left, manager of the L.G. Branch of the First National Bank, hands checks to Danny Matheny, David Vertin, Steve De Frate and Paul Umbrell. Mrs. Paul Kistrup and Mrs. Melvin E. Colvin, 4-H Community Leaders, are also shown. The bank pays youngsters when the animals are sold and then assumes responsibility for collecting from purchasers. More than 80 youngsters from east county participated in a "pay-off" party.

Summer School To 'Imprison' Nearly 1,000 LG Youngsters

Approximately 1,000 elementary students in Lemon Grove plan to attend five weeks of summer school, according to S. K. Solleder, assistant superintendent.

Although pre-enrollment figures are higher, past history indicates that about 80 per cent of those enrolled actually attend the sessions. This, in part, is due to changes in family vacation plans.

Thirty-two teachers will staff the three district schools from June 24 through July 26. Robert Sutton will act as principal at Lemon Grove Junior High, where next year's seventh and eighth graders will attend.

Douglas Giles will serve as administrator at both Golden Avenue and San Miguel schools, two sites selected for elementary students.

Subjects to be taught at the elementary schools include reading, arithmetic, physical education and health, English, and music, arts, and crafts.

Junior high students will choose from remedial arithmetic, developmental reading, physical education and health, science, math, English, writing, and drama, social studies, music, arts, and crafts, conversational Spanish, and the EMR class.

Classes at the junior high begin at 8:20 a.m., continuing to 11:45 a.m. daily, Monday through Friday. Other schools begin at 8:30 a.m., with sessions ending daily at 11:50 a.m.

Inquiries about summer school may be made at the Lemon Grove Education Center. As in the past, no bus transportation will be supplied for the special session.

Knights Mark Death Of Pope John XXIII

Knights of Columbus of La Jolla are sponsoring a Solemn High Mass of Requiem for the repose of the soul of Pope John XXIII at Mary Star of the Sea Catholic Church, 7727 Girard avenue, at 10 a.m., Saturday.

Grand Knight Joseph F. Carroll, St. Pius X Council 3487, La Jolla, announced that the Mass will be celebrated by the church's pastor, Right Reverend Monsignor Joseph V. Clarkin, V.F. The Mass will be open to the public.

All knights and their families in the San Diego area have been invited to attend. A color guard in full dress with American and Papal colors will be furnished by Balboa General Assembly, 4th Degree, Knights of Columbus.

Enrico de Marco, chairman of arrangements for the event, said that state officers of the Catholic men's fraternal organization will attend, led by Lambert J. Ninteman, newly-elected State Deputy of the order.
